

Women in Chemistry (WiC)

- Founded in 2012
- Goal- support the careers of women in chemistry and related sciences
 - through professional development programs on campus
 - networking opportunities
 - outreach
- we use an inclusive definition of woman. we welcome trans women, genderqueer women, and non-binary people

Hannah Szentkuti
G3 | Okumura + Flagan

Sarah Reisman

Kim Pham
G2 | See + Cushing

2020-2021 Board

Yasemin Basdogan
Postdoc | Wang

Molly McFadden
G4 | Robb

Kali Flesch | G1

Skylar Osler | G1
